Executive Director

Honorable Greg Abbott, Governor
Honorable Joan Huffman, Chair, Senate Finance Committee
Honorable Greg Bonnen, Chair, House Appropriations Committee
Mr. Jerry McGinty, Director, Legislative Budget Board

Greetings:

As a Self-Directed Semi-Independent agency, The Texas Real Estate Commission together with the Texas Appraiser Licensing & Certification Board respectfully submits the following information required by Texas Occupations Code Section 1105.005 (c):

- (1) The salary for all agency personnel and the total amount of per diem expenses and travel expenses paid for all agency employees for the preceding five fiscal years:

Total Agency Salaries				
FY2018	FY2019	FY2020	FY2021	FY2022
\$6,543,187.14	\$7,346,104.37	\$8,724,281.49	\$9,159,322.03	\$9,581,332.36

Total Per Diem and Travel Expenses for all Agency Employees				
FY2018	FY2019	FY2020	FY2021	FY2022
\$43,911.76	\$45,988.77	\$34,823.83	\$7,761.60	\$49,894.87

TALCB Board Members

Sara Oates
Chair

Martha Gayle Reid Lynch
Vice Chair

Chance Bolton
Secretary

Clayton P. Black

Rolando F. Castro

Paola Escalante-Castillo

Mark A. McAnally

Stephanie Robinson

Lisa Sprinkle

Chelsea Buchholtz
Commissioner

- (2) The total amount of per diem expenses and travel expenses paid for each member of the Texas Real Estate Commission, the Texas Appraiser Licensing & Certification Board, the Texas Real Estate Commission Broker/Lawyer Committee, the Texas Real Estate Commission Education Standards Advisory Committee, and the Texas Real Estate Inspector Committee for the preceding five fiscal years.
- (3) An excerpt from the agency's strategic plan 2023 – 2027.
- (4) 2023 annual budgets of the commission and the board, showing:
- Projected budget data for a period of two fiscal years; and
 - Trend performance data for the preceding five fiscal years;
- (5) Exhibits A1, A2, B1, B2, K1, and K2 from the agency's FY2022 Annual Financial Report detailing all revenues and a breakdown of expenses incurred by the agency in the previous 12 months.

- (6) Trend performance data for Fiscal Years 2018-2022 for:
- (a) The number of full-time equivalent positions at the agency;
 - (b) The number of complaints received from the public and the number of complaints initiated by agency staff;
 - (c) The number of complaints dismissed and the number of complaints resolved by enforcement action;
 - (d) The number of enforcement actions by sanction type;
 - (e) The number of enforcement cases closed through voluntary compliance;
 - (f) The amount of administrative penalties assessed and the rate of collection of assessed administrative penalties;
 - (g) The number of enforcement cases that allege a threat to public health, safety, or welfare or a violation of professional standards of care and the disposition of those cases;
 - (h) The average time to resolve a complaint;
 - (i) The number of license holders or regulated persons broken down by type of license and license status including inactive status or retired status;
 - (j) The fee charged to issue and renew each type of license, certificate, or registration issued by the agency;
 - (k) The average time to issue a license, certificate or registration;
 - (l) Litigation costs, broken down by administrative hearings, judicial proceedings, and outside counsel costs;
 - (m) Reserve fund balances.

If you have any questions, please contact Ranada Williams at 512-936-0102 or Melissa Huerta at 512.936.3616.

Sincerely,

Chelsea Buchholtz
Executive Director

Agency Mission

Texas Real Estate Commission and Texas Appraiser Licensing and Certification Board

Our agency protects consumers of real estate services in Texas by ensuring qualified and ethical service providers through upholding high standards in education, licensing, and regulation. We oversee the providers of real estate brokerage, appraisal, inspection, timeshares and right-of-way services, thereby safeguarding the public interest while facilitating economic growth and opportunity across Texas.

Philosophy:

To achieve this mission, our agency:

- Provides exceptional customer service that is accessible, responsive, and transparent.
- Demands integrity, accountability, and high standards, of both license holders and ourselves.
- Strives continuously for effectiveness, efficiency, and excellence in our performance.

Motto:

Protecting Texans' Dreams

Agency Operational Goals and Action Plan

GOAL I ENSURE STANDARDS – TREC LICENSING

The Licensing Division of the Texas Real Estate Commission (TREC Licensing) safeguards the public interest by ensuring license holders satisfy the educational, ethical, and legal requirements to provide real estate services in Texas (Texas Occupations Code, Chapters 1101, 1102, and Texas Property Code, Chapter 221).

SPECIFIC ACTION ITEMS TO ACHIEVE YOUR GOAL

TREC Licensing ensures compliance with all educational, experience, examination, and application requirements for real estate broker, sales agent, and inspector initial applications and renewals.

TREC Licensing duties include ensuring:

- Real estate broker, sales agent, and inspector applicants meet the qualifying education requirements for each license type.
- Real estate broker, sales agent, and inspector applicants pass the licensing examination.
- Real estate broker, sales agent, and inspector applicants satisfy the experience required for each license type by conducting appraisal experience audits.
- Applicants satisfy TREC’s honesty, trustworthiness, and integrity standards.
- License holders satisfy continuing education and criminal history check requirements prior to renewal of their license.

Additionally, TREC Licensing processes informational changes and histories for real estate brokers or sales agents, inspectors, and easement or right-of-way registrants.

DESCRIBE HOW YOUR GOAL OR ACTION ITEMS SUPPORTS EACH STATEWIDE OBJECTIVE

1. Accountable to tax and fee payers of Texas.

Through the efficient use of personnel, the Commission has been successful in simplifying application and renewal fees and providing prompt and efficient service to license holders who are primarily Texas citizens.

2. Efficient such that maximum results are produced with a minimum waste of taxpayer funds, including through the elimination of redundant and non-core functions.

Prior to Fiscal Year 2021 (FY 2021), one licensing division was responsible for processing applications received for both the Commission and the Board. Midway through FY 2021, appraiser application processing and appraisal management company application processing were moved under the purview of the Board. As a result, TREC Licensing was able to focus on those applications governed by Texas Occupations Code, Chapters 1101 and 1102.

During FY 2021, TREC Licensing, composed of 19 full-time employees, processed approximately 47,518 original applications. As of February 2022, TREC Licensing processed approximately 21,165 original real estate applications with six months remaining in this fiscal year. In addition, through

consistent training techniques and cross-training staff members, the agency maintains high quantity and quality of processing.

3. Effective in successfully fulfilling core functions, measuring success in achieving performance measures, and implementing plans to continuously improve.

TREC Licensing experienced a 3.8% increase in applications, and the Commission saw an 8% increase in the number of license holders from FY 2020 to FY 2021. As of August 31, 2021, there were 218,735 real estate sales agents, real estate brokers, easement and right-of-way certificate holders, and inspectors licensed by the Commission. As the agency continues receiving new applications—and as current license holders renew, make inquiries, or changes to information—the agency is committed to timely processing all documents received. The agency’s Online Licensing Services portal promptly and efficiently processes prospective license holders’ applications and current license holders’ supporting documents. All documents are forwarded to a dedicated email address at documents@trec.texas.gov to allow immediate access to staff for processing.

From the date documents are received from an applicant, the agency measures and reports the average number of days it takes TREC Licensing staff to process the application. The agency uses this data to monitor for potential complications so it can respond with prompt action if issues arise.

4. Attentive to providing excellent customer service.

All TREC Licensing staff members are trained to respond to emails and telephone calls specific to processing applications and renewals. A daily, rotating schedule dedicates two TREC Licensing staff members to field these communications and provide accurate and complete information to applicants, license holders, and internal staff. These staff members must respond to emails and telephone calls within 24 hours of receipt and must input notes in a shared agency computer system summarizing their response to calls or the content of their emails to facilitate continuity in staff member communications.

An online tool on the TREC website allows prospective license holders to check the real-time status of their application. In addition, license holders can access real-time information regarding their completed courses or how many continuing education course hours they need for a license renewal. Providing the most popular information sought by prospective and current license holders on demand saves them the time, since they don’t have to contact the agency by email or phone.

5. Transparent, such that agency actions can be understood by any Texan.

TREC regularly communicates with the agency’s stakeholders through email newsletters, a continuously updated website, and social media platforms such as Facebook, Twitter, Instagram, and LinkedIn. TREC’s website includes monthly staff reports, consumer information, articles, licensing self-service tools, and an application status tracker. The website also provides online access to TREC meetings through live streaming provided by the agency and interactive video minutes for past meetings.

The application status tracker and renewal education information pages are open and viewable by the public.

GOAL I ENSURE STANDARDS –TALCB LICENSING

The Licensing Division of the Texas Appraiser Licensing and Certification Board (TALCB Licensing) safeguards the public interest by ensuring license holders and applicants satisfy the minimum requirements for licensure as set forth in the Appraisal Subcommittee Policy Statements, Appraiser Qualifications Board Real Property Appraiser Qualification Criteria, Texas Appraiser Licensing and Certification Act, Texas Appraisal Management Company Registration and Regulation Act, and TALCB Board Rules (Texas Occupations Code 1103 and 1104).

SPECIFIC ACTION ITEMS TO ACHIEVE YOUR GOAL

TALCB Licensing ensures compliance with all educational, experience, examination, and application requirements for appraiser and appraisal management company initial applications and renewals.

TALCB Licensing duties include ensuring:

- Applicants meet the qualifying education requirements promulgated by the Appraiser Qualifications Board.
- Applicants pass the National Uniform Licensing and Certification Examination.
- Applicants satisfy TALCB’s honesty, trustworthiness, and integrity standards.
- Applicants satisfy appraisal experience requirements by conducting appraisal experience audits.
- License holders satisfy continuing education and criminal history check requirements prior to renewal.
- Accurately report data to the Appraisal Subcommittee for the National Registry of Appraisers and National Registry of Appraisal Management Companies.

DESCRIBE HOW YOUR GOAL OR ACTION ITEMS SUPPORTS EACH STATEWIDE OBJECTIVE

1. Accountable to tax and fee payers of Texas.

To promote efficiency and reduce costs, TALCB restructured the agency in Fiscal Year 2021 (FY 2021). The restructure combined the licensing division and the enforcement division to create the TALCB Division, allowing the agency to maximize resources, reduce redundancies, and streamline processing.

In FY 2021, TALCB saw a 44% increase in applications, but has reduced processing times despite reduced staffing.

TALCB Licensing exceeds processing goals set by the Board.

2. Efficient such that maximum results are produced with a minimum waste of taxpayer funds, including through the elimination of redundant and non-core functions.

As of March 2022, TALCB has 12 employees, consisting of six appraisers, three legal assistants, one licensing specialist, one staff attorney, and one director.

TALCB has applied for the Appraisal Subcommittee State Appraiser Regulatory Agencies Support Grant to build an application portal, with will promote self-service for applicants.

3. Effective in successfully fulfilling core functions, measuring success in achieving performance measures, and implementing plans to continuously improve.

TALCB Licensing continuously exceeds processing times set forth by the Board:

- Seventy-five days for applications that require experience auditing (certified general appraisers, certified residential appraisers, and licensed residential appraisers).
 - Processing times are currently within 61 days.
- Five days for reciprocity applications.
 - Processing times are currently fewer than two days.
- Fourteen days for all other application types.
 - Processing times are currently fewer than five days.

TALCB leadership continuously monitors performance, anticipates needs, and identifies process improvements.

4. Attentive to providing excellent customer services.

TALCB Licensing has expanded online self-service options, including an online application status tracker.

TALCB Licensing has significantly reduced experience audit processing times. In FY 2019, commercial experience audits took an average of 218 days to process. In FY 2021, commercial experience audits were processed in an average of 30 days. TALCB licensing has also reduced processing times for all application types.

5. Transparent, such that agency actions can be understood by any Texan.

TALCB regularly communicates with the agency’s stakeholders through email newsletters, a continuously updated website, and social media platforms such as Facebook and Twitter. TALCB’s website includes monthly staff reports, consumer information, articles, licensing self-service tools, and application status tracker. The website also provides online access to TALCB meetings through live streaming provided by the agency and interactive video minutes for past meetings.

The application status tracker and renewal education information pages are open and viewable by the public.

GOAL I ENSURE STANDARDS – TREC and TALCB EDUCATION

The Education and Examination Division serves both the Texas Real Estate Commission and the Texas Appraiser Licensing and Certification Board. It safeguards the public trust by ensuring license holders meet the education, ethical, and legal requirements to provide real estate services in Texas (Texas Occupations Code, Chapters 1101, 1102, 1103, 1104, and 1303, and Texas Property Code, Chapter 221).

SPECIFIC ACTION ITEMS TO ACHIEVE YOUR GOAL

The Education and Examination Division:

- Ensures accurate and relevant content is provided in pre-licensing and continuing education courses.
- Develops (and updates every two years) several non-elective CE courses for real estate sales agents, brokers, and inspectors that focus on recent industry trends, developments, ethics, case studies, complaints, laws, statutes, regulations, disciplinary actions, and court cases as they relate to Texas license holders.
- Ensures course design and delivery supports adult and active learning theories.
- Regularly reviews performance of license examination test items and establishing minimum required passing scores.
- Monitors performance of first-time examination pass rate data for real estate and inspector providers to assess their performance.
- Conducts administrative audits of education providers.
- Supports the Education Standards Advisory Committee, the Texas Real Estate Inspector Education Subcommittee, and the Appraiser Education and Licensing Subcommittee by providing research and recommendations for improvements for industry related education.

DESCRIBE HOW YOUR GOAL OR ACTION ITEMS SUPPORTS EACH STATEWIDE OBJECTIVE

1. Accountable to tax and fee payers of Texas.

Through the efficient use of personnel, the Commission and Board have been successful in maintaining reasonable fees for the review of education provider and course applications.

2. Efficient such that maximum results are produced with a minimum waste of taxpayer funds, including through the elimination of redundant and non-core functions.

During Fiscal Year 2021 (FY 2021) the Education and Examination Services Division processed: 215 qualifying real estate and inspector courses; 2,008 real estate and inspector CE courses; 251 appraiser courses; 323 CE provider applications; and 17 qualifying education provider applications. Continuing education providers can electronically submit course completion records to the Commission in real time, as well as benefit from the minimization of fees for review of provider and course applications. These added efficiencies allow license holders to renew more promptly. Using consistent training techniques and technological advances, the agency can maintain the quantity and quality of processing.

3. Effective in successfully fulfilling core functions, measuring success in achieving performance measures, and implementing plans to continuously improve.

The agency streamlined processes and improved functionality based on business technology testing and staff recommendations. Further success is anticipated as the agency moves more complex education applications to an online format that allows for document upload features.

4. Attentive to providing excellent customer service.

The agency has an Education and Examination Services Division staff person dedicated to answering education related calls and emails every day. All calls and emails are responded to within 24 hours, and notes regarding communications are stored in the agency’s database management system. All education staff are adequately cross trained to answer detailed questions. Provider and course application processing goals are determined based on the complexity of the application and are successfully met on a regular basis.

A search tool maintained on the agency website provides the ability to search for currently approved qualifying and continuing education courses for real estate, inspector, and appraiser licenses. The tools allow individuals to search providers or course offerings by city, delivery method, or search for a specific provider or course by name.

- 5. Transparent, such that the agency actions can be understood by any Texan.

The Commission and Board regularly communicate with stakeholders through email newsletters, a continuously updated website, and social media platforms such as Facebook, Twitter, Instagram, and LinkedIn. The websites provide information relating to license requirements, accessibility and availability of qualifying and continuing education courses, agency reports, and enforcement actions. Open meetings are available to the public onsite and through live streaming.

GOAL II ENFORCE REGULATIONS – TREC

The Enforcement Division of Texas Real Estate Commission (TREC Enforcement) safeguards the public interest by effectively and efficiently enforcing the laws and rules of the agency in a fair and consistent manner (Texas Occupations Code, Chapters 1101, 1102, and Texas Property Code, Chapter 221).

SPECIFIC ACTION ITEMS TO ACHIEVE YOUR GOAL

TREC Enforcement handles a high volume of signed, written complaints from the public and license holders, as well as a smaller number of staff-initiated complaints. Importantly, the agency cannot accept anonymous complaints or conduct covert investigations.

The complaints primarily concern alleged statutory and administrative violations by brokers, sales agents, and inspectors, or alleged violations by unlicensed persons engaging in activities for which a license is required. A small number of complaints also concern education providers and instructors, as well as easement or right-of-way certificate holders. In addition, the TREC Enforcement oversees timeshare developers (discussed further below).

DESCRIBE HOW YOUR GOAL OR ACTION ITEMS SUPPORTS EACH STATEWIDE OBJECTIVE

- 1. Accountable to tax and fee payers of Texas.

The Texas Real Estate Commission is committed to the protection of the citizens of Texas. TREC Enforcement accomplishes this through timely, fair, and consistent enforcement of The Real Estate License Act, Commission rules, Chapter 1102 of the Texas Occupations Code (governing real estate inspectors), and the Texas Timeshare Act. In addition, TREC Enforcement oversees the sanctions of license holders and unlicensed persons who have violated various regulatory requirements.

2. Efficient such that maximum results are produced with a minimum waste of taxpayer funds, including through the elimination of redundant and non-core functions.

From Fiscal Year 2017 (FY 2017) through Fiscal Year 2021 (FY 2021), the number of case openings received increased from 4,561 to 7,332. This 60.75% percent increase in openings required the TREC Enforcement to add two new staff positions. These minor staff increases were necessary to maintain our standards to timely respond to cases.

As of August 31, 2021, nearly 97% of complaints were less than a year old. Out of 1,471 open cases, there were no cases more than two years old.

3. Effective in successfully fulfilling core functions, measuring success in achieving performance measures, and implementing plans to continuously improve.

During FY 2021, the division opened 7,332 cases and closed 7,509 cases. While most complaints from the public relate to the purchase, lease, or inspection of a home, a complaint may also include allegations ranging from misleading advertising to criminal history to unlicensed activity. Some complaints are closed with no action taken because of a lack of agency jurisdiction or lack of evidence. Once it is determined that the complaint is within the agency's jurisdiction, the agency notifies the license holder or other respondent, gives the person an opportunity to respond, and investigates the complaint. TREC Enforcement completes almost all investigations within six months of receipt of the complaint.

TREC Enforcement implements disciplinary standards, reviews the backgrounds of applicants for a license, and makes Fitness Determinations to assess the honesty, trustworthiness, and integrity of applicants. In FY 2021, the division reviewed and closed 4,957 application investigation cases and Fitness Determination cases. Most involved an applicant's criminal history.

TREC Enforcement also administers the Texas Timeshare Act. The Act requires a developer that desires to offer a timeshare interest for sale to a Texas resident to register the plan with the agency regardless of the location of the timeshare that is the subject of the plan. The division reviews the registration, and any amendment application, to ensure that it meets the requirements of the Act. TREC will not register a timeshare plan until the plan fully complies with the Act.

4. Attentive to providing excellent customer services.

Each day, TREC Enforcement assigns one lawyer to respond to phone and email inquiries. A phone call must be responded to within four hours and an email within one working day. During FY 2021, TREC Enforcement Attorneys handled approximately 3,700 emails from the public and license holders. Many of these emails are sent to a dedicated email address (enforcement@trec.texas.gov), and phone number (512-936-3005). Further, the division has an email address dedicated only to standards issues (application and Fitness Determinations) (standards@trec.texas.gov).

In addition, as described above, TREC Enforcement resolves thousands of cases, almost all of which are resolved within a year. TREC Enforcement also provides a great deal of information for the agency's website and in the materials at quarterly Commission meetings.

5. Transparent, such that agency actions can be understood by any Texan.

TREC Enforcement maintains information on the TREC website regarding complaints under “How to File a Complaint” under the “Public” drop-down menu. Other complaint-related content on the website includes information on disciplinary actions and a detailed list of frequently asked questions. The website also discusses and links to the relevant statutes and all commission rules. Furthermore, TREC Enforcement contributes articles that discuss various enforcement-related issues and hosts frequent public speaking engagements to educate our license holders and provide transparency about the complaint process.

GOAL II ENFORCE REGULATIONS - TALCB

TALCB Enforcement safeguards the public interest by enforcing federal and state regulations relating to real property appraisal services, including the Appraisal Subcommittee Policy Statements, Texas Appraiser Licensing and Certification Act, Texas Appraisal Management Company Registration and Regulation Act, and TALCB Board Rules (Texas Occupations Code, Chapters 1103 and 1104).

SPECIFIC ACTION ITEMS TO ACHIEVE YOUR GOAL

TALCB Enforcement investigates complaints against appraisers, appraisal management companies, appraiser continuing education providers, and individuals engaging in unlicensed activity. TALCB Enforcement also assists law enforcement in matters related to mortgage fraud pursuant to Texas Penal Code § 32.32.

TALCB Enforcement duties include:

- Investigating complaints to ensure compliance appraisal service regulations, including the minimum standards set forth in the Uniform Standards of Professional Appraisal Practice.
- Resolving complaints consistent with Board Rules.
- Ensuring compliance with sanctions imposed.
- Ensuring that disciplinary action is reported to the Appraisal Subcommittee within five days.

DESCRIBE HOW YOUR GOAL OR ACTION ITEMS SUPPORTS EACH STATEWIDE OBJECTIVE

1. Accountable to tax and fee payers of Texas.

To promote efficiency and reduce costs, TALCB restructured the agency in Fiscal Year 2021 (FY 2021). The restructure combined the licensing division and the enforcement division to create the TALCB Division, allowing the agency to maximize resources, reduce redundancies, and streamline processing.

In FY 2021, TALCB saw a 44% increase in applications, but has reduced processing times despite reduced staffing.

TALCB Enforcement efficiently investigates and resolves complaints. In FY 2021, TALCB resolved complaints in an average of 95 days. In FY 2020, complaint-resolution time averaged 160 days. In FY 2019, complaint-resolution time averaged 192 days.

2. Efficient such that maximum results are produced with a minimum waste of taxpayer funds, including through the elimination of redundant and non-core functions.

As of March 2022, TALCB has 12 employees, consisting of six appraisers, three legal assistants, one licensing specialist, one staff attorney, and one director.

TALCB is hiring an additional staff attorney which will be funded through the Appraisal Subcommittee State Appraiser Regulatory Agencies Support Grants.

TALCB was awarded \$120,000 in grant funding to build a complaint portal, which included an online complaint submission portal and backend case management capabilities. TALCB completed this project in September 2021.

TALCB leverages Volunteer Appraisal Reviewers that are appointed by the Board to assist in case review.

3. Effective in successfully fulfilling core functions, measuring success in achieving performance measures, and implementing plans to continuously improve.

TALCB Enforcement continuously exceeds case-resolution deadlines set by the Texas Sunset Commission (average 180 days) and Appraisal Subcommittee (one-year, absent special documented circumstances).

TALCB leadership continuously monitors performance, anticipates needs, and identifies process improvements.

4. Attentive to providing excellent customer service.

TALCB Enforcement has expanded online self-service options, including online complaint submissions and online case status tracker

TALCB Enforcement publishes a comprehensive complaint processing handbook which outlines the complaint process in terms that are easily understood.

5. Transparent, such that agency actions can be understood by any Texan.

TALCB's website includes monthly staff reports, consumer information, articles, enforcement self-service tools, and application status tracker.

TALCB publishes agency updates on social media, including Facebook and Twitter.

GOAL III COMMUNICATE EFFECTIVELY - TREC and TALCB

The Customer Relations Division serves both the Texas Real Estate Commission and the Texas Appraiser Licensing and Certification Board. It communicates with license holders and the public by providing reliable information to promote informed decisions in Texas real estate transactions (Texas Occupations Code, Chapters 1101, 1102, 1103, 1104, and Texas Property Code, Chapter 221).

SPECIFIC ACTION ITEMS TO ACHIEVE YOUR GOAL

The Customer Relations Division is responsible for providing excellent customer service, making ongoing enhancements to the contact center, and updating the Commission and the Board websites with current information related to application processing dates, application status, and continuing education course tracking.

The Customer Relations Division:

- Recruits, trains, and retains customer service representatives who are committed to making the customer experience superior.
- Anticipates the needs of every customer and stays knowledgeable on agency rules and policies to provide online assistance and guidance to consumers.
- Responds to emails and customer satisfaction surveys within a two-business-day timeframe.
- Maintains low hold times by utilizing features such as courtesy callback, precision call queuing, call recording for training purposes, customer satisfaction surveys, and faster email.

DESCRIBE HOW YOUR GOAL OR ACTION ITEMS SUPPORT EACH STATEWIDE OBJECTIVE

1. Accountable to tax and fee payers of Texas.

Customer service representatives assist license holders with online transactions which eliminates the cost associated with printing and mailing of paper applications.

License holders are informed of their license renewal status which assists them in making decisions of the appropriate time for online renewals. Prospective license holders are provided with online assistance via phone and/or email for initial applications.

2. Efficient such that maximum results are produced with a minimum waste of taxpayer funds, including through the elimination of redundant and non-core functions.

The Customer Relations Division has implemented several technological improvements over the last several years, including adding a call routing menu and a courtesy callback system that allows a caller to stay in the call queue without having to stay on hold on the phone.

3. Effective in successfully fulfilling core functions, measuring success in achieving performance measures, and implementing plans to continuously improve.

All customer service representatives are expected to handle calls with professionalism and patience. All calls presented to the Texas Real Estate Commission and the Texas Appraiser Licensing and Certification Board will be answered with a greeting thanking the customer for calling, providing a name, and expressing an interest to assist with any questions or concerns. Customers' inquiries will be acknowledged, and active listening, empathy, professional tone, and call control will be practiced while clear and concise guidance is provided. At the completion of every call representative will ensure all needs have been met and the customer's record will be updated with a summary of the conversation.

4. Attentive to providing excellent customer service.

The Texas Real Estate Commission and the Texas Appraiser Licensing and Certification Board offers exceptional customer service by telephone, emails, and in person.

Each customer service representative is hired with applicable skills and show proven examples of providing excellent customer service in previous positions. Once hired, a four-week, hands-on training is provided before staff is permitted to assist TREC/TALCB customers. After initial training, each representative is provided with feedback on calls and emails through the agency's quality monitoring program. Refresher training is provided on a consistent basis to all Customer Relations Division staff to stay up to date on various topics of concern.

The agency is committed to ensuring everyone who contacts the agency receives the best service possible as quickly as possible. Since April 2019, the division has maintained an average monthly hold time of less than two minutes. In addition, fewer than 5% of all customers abandon a call before speaking to a customer service representative, which means the Customer Relations Division is routinely meeting its target performance measure.

Since May 2019, the division has responded to 100% of emails within two business days but has recently established a new goal of responding to all emails within one business day. In January 2020, the Customer Relations Division started tracking reply-to-email times, and 86% of emails received were answered in one business day.

The agency is also a member of the Austin Contact Center Alliance (ACCA). The ACCA provides a resource for posting vacant positions, job-specific training for staff, and solutions to common challenges contact centers face. This ensures the agency remains at the cutting edge of technology and has skillsets needed to provide excellent customer service.

Survey respondents who share experiences that don't meet the agency's high customer-service standards are contacted within two business days for further assistance.

5. Transparent, such that agency actions can be understood by any Texan.

The Commission and the Board regularly communicate with the public through various mechanisms, including email newsletters, continuously updated websites, social media, public speaking engagements.

GOAL IV WORK WITH HUB VENDORS

To implement purchasing policies encouraging the use of historically underutilized businesses (HUBs). (Texas Government Code, §2161.123)

SPECIFIC ACTION ITEMS TO ACHIEVE YOUR GOAL

- Utilize HUB vendors for non-competitive spot purchases of \$5,000 or less whenever possible.
- Attend HUB-related meetings and forums to network with vendors and gain new knowledge of HUB vendors.

- Encourage and assist vendors who qualify as HUB vendors to become HUB certified by CPA's Statewide Procurement Division (SPD) and to maintain their HUB certification through CPA's Statewide HUB Program.
- Encourage non-HUB vendors to subcontract with certified HUB vendors, pairing mentors with protégés.
- Exceed the bid advertisement requirement of obtaining more than two HUB bids from the Centralized Master Bidders List (CMBL) for purchases over \$5,000.
- Maintain positive working relationships with the current HUB vendors.
- Track HUB quarterly performance measures.

DESCRIBE HOW YOUR GOAL OR ACTION ITEMS SUPPORTS EACH STATEWIDE OBJECTIVE

1. Accountable to tax and fee payers of Texas.

By maintaining a robust program for HUB, we are ensuring that our financial investment in HUB businesses meets the highest standards for quality products and services. Tax and fee payers may access reports detailing HUB utilization directly through the agency website.

2. Efficient by producing maximum results with no waste of taxpayer funds, including through the elimination of redundant and non-core functions.

We maximize our HUB vendor pool by trading on historical relationships and utilizing these businesses at every appropriate opportunity.

3. Effective in successfully fulfilling core functions, measuring success in achieving performance measures, and implementing plans to continuously improve.

Daily processes for purchasing incorporate activities designed to meet the agency's HUB goal of 30% utilization, which we regularly exceed, and which is significantly higher than the state average.

4. Attentive to providing excellent customer service.

TREC is committed to excellent customer service, which is seen in our HUB vendor relationships. We make significant efforts to include HUBs when making purchasing decisions, especially by utilizing them in a manner that exceeds state bidding requirements and significant utilization for non-competitive spot purchases.

5. Transparent, such that agency actions can be understood by any Texan.

The HUB report and chart beginning on page 39 provides a clear picture of the actions that TREC takes to accomplish the goal. As previously noted, this information is readily available via the agency website.

(6) Notes to the 5 Year Trend Performance Data for Fiscal Years 2018-2022

- (a) The number of full-time equivalent positions at the agency has fluctuated over the last five years to accommodate the increased workload responsive to the growing Texas real estate profession. Reporting numbers trend upward with a 32.3% increase from FY 18-FY22 (year-end). See Measures Table (i) for Total Number of License Holders.
- (b) Number of complaints received from public and from agency staff. Trend increases for both measures across TREC and TALCB can be attributed to a number of factors: active real estate market; increase in license holders (see Measures Table (i)), as well as a change in criminal history background check statutes.
- (c) Number of complaints dismissed and resolved by enforcement action – data self-explanatory. Changes in numbers may be driven by increase in license holder counts – see (i) and agency approach to managing workload and implementing changes to laws. TALCB resolved 17 cases through contingent dismissals, which require respondents to complete remedial education. These cases are categorized as dismissals in the report.
- (d) Number of enforcement actions by sanction type – see Appendix A – TREC and Appendix B - TALCB
- (e) Number of enforcement cases closed through voluntary compliance. Neither TREC nor TALCB have “voluntary compliance” as a tool within the applicable controlling statute.
- (f) Amount of administrative penalties assessed and rate of collection are relatively consistent across five years for TREC; for TALCB there has been increased penalties which are not always “collectable”. Trends in increased penalties consistent with increased license holder activity and increased complaints.
- (g) The number of enforcement cases that allege a threat to public health, safety, or welfare or a violation of professional standards of care and the disposition of those case. This measure is defined by the agency as only those cases which result in a temporary suspension (Tex. Occ. Code Sec. 1101.662; Tex. Occ. Code Sec. 1103.5511).
- (h) The average time to resolve a complaint. TREC saw a significant increase in license holders in FY22. TALCB had an increase in license holders, but not to the degree of TREC. Despite the increase, complaint resolution times increased slightly. The rate of resolution for TALCB was addressed in FY19 to meet sunset standards by adding increased number of FTEs – see (a). In addition, TALCB implemented process efficiencies to further reduce the complaint processing time. This trend continues.
- (i) The number of license holders or regulated persons broken down by type of license and license status including inactive status or retired status. See Appendix C - TREC and Appendix D - TALCB.
- (j) The fee charged to issue and renew each type of license, certificate, or registration issued by the agency. See Appendix E – TREC and Appendix F - TALCB Fee Schedules.
- (k) The average time to issue a license, certificate or registration. This measure was not tracked accurately until IT vendor programming provided a specific fix in the last quarter of FY 2019 in response to the critique of this measure’s unreliable attribute in our Sunset Review. For FY2019, data reported is for the last calendar quarter of that year. For FY2022, data is provided in Appendix G. TALCB reorganized in 2021 and the licensing and enforcement division were consolidated. Historically, the licensing division processed the license, apart from the

experience audit. The enforcement division processed experience audits. This data does not include the appraisal experience audit to remain consistent with past reporting.

- (l) Litigation costs, broken down by administrative hearings, judicial proceedings, and outside counsel costs. Agency is not billed separately for judicial proceedings; all other costs are from Office of Attorney General and State Office of Administrative Hearings actual costs.
- (m) Reserve Balances in Appendix H shows Reserve Balance for the Commission is for Operations and Contingencies, based on six months of the current budget's operating expenses, excluding all 'pass through' expense items. The Reserve Balance for the Board as shown in Appendix I, is for Operations and Contingencies totaling not less than three months of current budget's estimated operating expenses, excluding all 'pass through' expense items. TALCB also maintains an Education Reserve which was funded by any collected administrative penalties. Sunset legislation redirected all such future penalties received from Appraisers to the general revenue fund effective in FY2020. TALCB continues to deposit administrative penalties collected from Appraisal Management Companies to the Education Reserve and maintains a balance that includes monies collected prior to the Sunset legislation.
